

Aircraft Maintenance Engineer (AME)

Interested in accelerating your career with the most awarded Air Cargo Airline in Canada?

Cargojet is Canada's leading provider of time sensitive overnight air cargo services and carries over 1,300,000 pounds of cargo each business night. Cargojet operates its network across North America each business night, utilizing a fleet of all-cargo aircraft. Cargojet has been awarded one of Canada's 50 Best Managed Companies, and the 2018 Shipper's Choice Award as Canada's Cargo Airline and Carrier of Choice by the Canadian Transportation and Logistics Magazine.

Being part of Cargojet will allow you to become a part of a diverse and vibrant family at the leading edge of the air cargo industry both domestically and internationally. Cargojet team members are dedicated, hardworking and have a strong sense of leadership and commitment.

We are seeking an AME to be based out of the Hamilton Airport location and join our committed team.

AS PART OF THE CARGOJET TEAM, WE OFFER YOU:

Competitive salary (commensurate with experience)

Paid Vacation

Benefits package

Free parking

Primary Objective of the Position:

The successful applicant will assist with aircraft troubleshooting duties and ensure duties are performed in accordance with Cargojet's MCM, MPM and Technical documentation.

Essential Position Functions:

Perform the maintenance of aircraft as established with Cargojet's manuals MCM, MPM & technical documentation.

- Perform aircraft certification & maintenance release in accordance with the requirements of the MPM & CAR 571.
- Ensure that all spares issued for aircraft maintenance are maintained to the same standards as issued until installed.
- Ensure that all unserviceable components are properly tagged and returned to quarantine stores.
- Complete and certify all necessary maintenance forms, log books and paperwork.
- Report all SDR (Service Difficulty Report) findings.
- Adopt a proactive approach to discern impending failure modes.
- Be knowledgeable with all company and government manuals and documents pertaining to their work.
- Ability to perform mechanical work at the skilled level involving the repair, rebuilding, overhaul, maintenance and servicing of aircraft operated by Cargojet and mechanical repair work on accessories, hangars, base equipment and machinery.
- Repair and maintenance and inspection of the condition of aircraft and engine, the making of repairs, replacements, and adjustments and the inspection of essential components such as electrical or hydraulic systems, brakes and controls.

- Performs other related duties as assigned on Cargojet's fleet of aircraft and equipment in an efficient and effective manner with a high degree of quality.
- Reduce or eliminate premature component failures and provide a high level of aircraft Dispatch Reliability.
- Ability to operate high lifts, fork-lifts to gain access to aircraft and able to work from heights and on ladders.
- Perform any other related duties incidental to the work described herein.

Minimum Qualifications:

- AME M2 License.
- Aircraft endorsement & experience on aircraft Type B757, B767
- Post-Secondary Aircraft Technical Training.
- Ability to obtain a Restricted Area Identity Card (RAIC) and an Airside Vehicle Operator's Permit (AVOP).
- Ability to use computers – MS Word & Excel.
- Excellent communication skills, problem-solving abilities, detail-oriented, able to multi-task & work well under pressure.

Important to Know:

- Cargojet is an equal opportunity employer. We thank you for your interest. Only those candidates selected for an interview will be contacted.
- We are committed to providing accommodations for persons with disabilities. If you require accommodation, we will work with you to meet your needs.
- At Cargojet, we make safety the highest priority. Because of this priority and as we operate in a safety-sensitive environment, we require all employees to abstain from consuming Cannabis, in and outside of the workplace. This is a critical element of our drug and alcohol policy that all employees must comply with at all times.

Job Type: Full-time
