Letter to our Shareholders from the Board of Directors

Dear Shareholders,

We are glad to invite you to join us at our 2026 Annual Meeting of Shareholders on March 31, 2026 at 3:00 p.m. (Toronto time) (the “**Meeting**”). In the attached Circular, you will be provided with instructions for attending our AGM in person at our offices, 2281 North Sheridan Way, Mississauga, Ontario or for delegating a proxy to act on your behalf.

We hope that you find the following information to be of value and that it provides you with a good understanding of Cargojet's short and long term strategies, the significant achievements made in 2025 and an understanding of how the Company is looking to continue its growth and success in the new year and beyond.

About Us

Cargojet is Canada's leading provider of time-sensitive premium overnight air cargo services to all major cities across North America, providing Dedicated, ACMI and International Charter services and carries over 25,000,000 pounds of cargo weekly.

Cargojet's business is comprised of the following:

- Operating a domestic air cargo network between sixteen major Canadian cities each business day;
- Providing dedicated aircraft to customers on an Aircraft, Crew, Maintenance and Insurance (“**ACMI**”) basis, operating between points in Canada, North America and South America;
- Operating scheduled international routes for multiple cargo customers between the United States and Bermuda, between Canada and Europe, between Canada and Asia, and between Canada and Mexico; and
- Providing dedicated aircraft to customers on an *ad hoc* charter basis operating between points in Canada, the United States and other international destinations.

Cargojet owns/operates a fleet of 41 aircraft. Cargojet's domestic air cargo network consolidates cargo received from numerous customers and transports such cargo to the appropriate destination in a timely and safe manner. Cargojet continually monitors key performance indicators and uses this information to reduce costs and improve the efficiency of its services.

Cargojet's strategy is to create sustained value and profitability and is based on the following priorities:

- Business development in local and international markets;
- Growth in the revenue streams by increasing customer base;
- Revenue improvement and cost reductions;
- Excellence in corporate culture to achieve industry leading on-time performance; and
- Strengthening management by hiring and training to enhance and improve company culture. New management personnel are provided with a comprehensive orientation and education program aimed at familiarizing themselves with the Company's industry, strategic plans, significant risk management issues and financial standing, and the nature and operation of the Company's business.

Certain Financial Highlights

For us at Cargojet, like our customers and Shareholders, 2025 presented both challenges and opportunities. Cargojet and its employees, through their hard work and commitment, made sure that the supply chains, which are so critical for Canada and for the success of Canadians, continued to operate effectively and efficiently. The following are just some of the highlights from 2025:

- Revenue in 2025 was \$ 992.7 million compared to \$1,000.8 million in the previous year (decrease of 0.8%), primarily due to a decrease of \$26.1 million in fuel surcharge and other revenues, partially offset by an increase of \$16.5 million in domestic network, ACMI and charter revenue, and a decrease of \$1.5 million in amortization of stock warrant contract assets and compared to the same period in 2024;
- Cargojet renewed its normal course issuer bid, which commenced on November 12, 2025 and will end no later than November 11, 2026 (the “**2026 NCIB**”). The 2026 NCIB allows the Company to repurchase, at its discretion, up to 1,500,000 common voting shares (the “**Common Voting Shares**”) and variable voting shares (the “**Variable Voting Shares**” and together with the Common Voting Shares, the “**Voting Shares**”) in the open market, subject to the standard terms and limitations. Under the 2026 NCIB, other than purchases made under block purchase exemptions, Cargojet may purchase up to the daily limit, as approved by Toronto Stock Exchange (“**TSX**”), on the TSX during any trading day, which represents approximately 25% of the average daily trading volume, as calculated in accordance with TSX rules. During Fiscal 2025, Cargojet repurchased 893,266 Voting Shares for cancellation under its previous normal course issuer bid for a total cost of \$86.9 million, including \$1.7 million share buyback tax;
- On October 30, 2025, the Company announced a scheduled direct air cargo service connecting Canada and Europe as part of its long-term expansion strategy. The partnership involves a weekly service linking Liege Airport, Europe’s leading cargo gateway, with Canada’s major cargo hubs to significantly expand Cargojet’s global network and provide customers with dependable, time-sensitive service and connectivity across continents;
- On August 27, 2025, the Company issued a redemption notice to redeem in full on October 9, 2025 of the \$115,000,000 aggregate principal amount outstanding on its 5.25% senior unsecured hybrid debentures due June 30, 2026. The Company paid the principal amount and all accrued and unpaid interest up to, but excluding, October 9, 2025, in cash. The Company used a portion of the proceeds of the offering of its 4.599% senior unsecured notes which closed on June 30, 2025, to redeem the debentures;
- On June 30, 2025 the Company successfully completed a note offering of \$250 million aggregate principal amount of 4.599% senior unsecured notes due 2030 (the “**Notes Offering**”). The net proceeds from the Notes Offering were used to redeem in full the Company’s 5.25% listed senior unsecured hybrid debentures due June 30, 2026, repay indebtedness under the Company’s credit facilities and for general corporate purposes;
- On June 27, 2025, the Company entered into a fourth amended and restated credit agreement to enact certain amendments to its credit facilities. The amendments included, among other things, the release of liens previously granted to the lenders, such that the borrowings under the credit facilities are now unsecured obligations of the Company, and modifications to certain covenants to reflect an investment grade credit rating structure; and
- On June 19, 2025, the Company was assigned an investment-grade issuer credit rating of BBB (low), with a stable trend by Morningstar DBRS.

CARGOJET INC.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that the annual meeting (the “**Meeting**”) of holders (the “**Shareholders**”) of common voting shares and variable voting shares (together, the “**Voting Shares**”) of Cargojet Inc. (“**Cargojet**” or the “**Company**”) will be held at 3:00 p.m. (Toronto time) on Tuesday, March 31, 2026 in person at our offices, 2281 North Sheridan Way, Mississauga, Ontario. The Meeting is being called for the following purposes, each as more particularly described in the accompanying management information circular of the Company (the “**Circular**”):

1. to receive and consider the audited consolidated financial statements of the Company for the fiscal period ended December 31, 2025 (“**Fiscal 2025**”) and the report of the auditors thereon;
2. to elect the directors of the Company who will serve until the end of the next annual meeting of Shareholders or until their successors are elected or appointed;
3. to appoint the auditors of the Company and to authorize the directors of the Company to fix their remuneration; and
4. to transact such other business as may properly come before the Meeting or any adjournments thereof.

The Company’s board of directors has fixed the close of business on February 13, 2026 as the record date for determining Shareholders entitled to receive notice of, and to vote at, the Meeting or any adjournment or postponement thereof. Only Shareholders of record at that time will be entitled to vote at the Meeting, or any adjournment or postponement thereof.

Registered Shareholders are requested to complete, date, sign and return the form of proxy in the return envelope provided for that purpose with the Notice-and-Access Package (as defined below). You may also vote your Voting Shares by proxy by appointing another person to attend the Meeting and vote your Voting Shares for you. To be valid, the form of proxy enclosed with the Notice-and-Access Package must be signed and received by the proxy department of the Company’s transfer agent, Odyssey Trust Company (“**Odyssey**”), by mail, or by facsimile no later than 3:00 p.m. (Toronto time) on March 27, 2026 or, if the Meeting is adjourned or postponed, prior to 3:00 p.m. (Toronto time) on the second business day preceding the date of the Meeting (excluding Saturdays, Sundays and holidays). Failure to properly complete or deposit a proxy may result in its invalidation.

Shareholders who have voted by proxy may still attend the Meeting. Please read the instructions regarding how to vote at, or attend, the Meeting under “*General Proxy Matters – Registered Shareholders*” in the Circular.

Most Shareholders do not hold their Voting Shares in their own names. Such Voting Shares may be beneficially owned by you but registered either: (a) in the name of an intermediary such as a bank, trust company, securities dealer or broker, or the trustee or administrator of a self-administered RRSP, RRIF, RESP, TFSA or similar plan, or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) or its nominee, of which the intermediary is a participant. If your Voting Shares are shown in an account statement provided to you by your intermediary, in almost all cases, your Voting Shares will not be registered in your name in the records of the Company. Only proxies deposited by registered Shareholders can be recognized and acted upon at the Meeting. As a result, if you hold your Voting Shares through a broker or other intermediary, we urge you to complete only the voting instruction form provided by your broker or other intermediary or provide your voting instructions to your broker or other intermediary by other acceptable methods. Please read the instructions regarding how to vote at, or attend, the Meeting under “*General Proxy Matters – Shareholder Voting Procedures*” in the Circular.

This year, as permitted by Canadian securities regulators, we are using “notice-and-access” to deliver our Meeting materials. Accordingly, this Notice of Meeting and the accompanying Management Information Circular, and Cargojet’s audited annual financial statements for the financial year ended December 31, 2025, along with the related management discussion and analysis, have been posted on our website at <https://cargojet.com/financials-page/> and under Cargojet’s profile on SEDAR+ at www.sedarplus.ca.

As a Shareholder of the Company, it is very important that you read the accompanying Meeting materials carefully and then vote your Voting Shares, either by proxy or in person, at the Meeting.

Shareholders can contact our transfer agent, Odyssey, toll free at 1-888-290-1175 or by online at <https://odysseytrust.com/ca-en/help/>, for more information regarding notice-and-access or with questions regarding how to vote their shares.

GENERAL PROXY MATTERS

As a Shareholder, it is very important that you read the information contained herein carefully and then vote your Voting Shares, either by proxy or voting instruction form or by attending the Meeting in person. Voting by proxy means that you are giving the person or people named on your proxy form (each a “**Proxyholder**”) the authority to vote your Voting Shares for you at the Meeting or any adjournment or postponement thereof.

Date, Time and Place of Meeting

The Meeting is scheduled to be held at 3:00 p.m. (Toronto time) on Tuesday, March 31, 2026 at our offices, 2281 North Sheridan Way, Mississauga, Ontario. The Company reserves the right to adjourn or postpone the Meeting if considered appropriate by the Board.

Record Date

The Board has fixed the close of business on February 13, 2026 as the record date (the “**Record Date**”) for determining Shareholders entitled to receive notice of, and to vote at, the Meeting or any adjournment or postponement thereof. Only Shareholders of record as of the close of business on the Record Date will be entitled to notice of, and to vote at, the Meeting or any adjournment or postponement thereof. No Shareholder who becomes a Shareholder of record after the Record Date will be entitled to vote at the Meeting, or any adjournment or postponement thereof.

Quorum

A quorum of Shareholders is present at the Meeting if the holders of not less than 25% of the Voting Shares entitled to vote at the Meeting are present in person or represented by proxy, irrespective of the number of persons actually at the Meeting.

Voting Requirements

Each of the items to be voted upon at the Meeting, as set forth in the Notice of Meeting, will be determined by a majority of votes cast at the Meeting by proxy or in person. For details concerning the Company’s majority voting policy, with respect to the election of directors, please refer to the information under “*Election of Directors – Majority Voting*”. Our Common Voting Shares and Variable Voting Shares vote together as a single class. See “*Voting Shares and Principal Holders of Voting Shares – Restrictions on Voting Shares*”.

Solicitation of Proxies

The information contained in this Circular is furnished in connection with the solicitation of proxies by and on behalf of the management of the Company to be used at the Meeting and for the purposes set forth in the Notice of Meeting. It is expected that the solicitation of proxies will be primarily by mail but proxies may also be solicited personally by telephone or other electronic means by management of the Company, including its directors and officers, without special compensation. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

Notice-and-Access

This year, as permitted by Canadian securities regulators, we are using notice-and-access to deliver the Meeting materials to our shareholders, including the Notice of Meeting, this Circular and our audited annual financial statements for the year ended December 31, 2025, along with the related management discussion and analysis. This means that Cargojet will post the Meeting materials online for our shareholders to access electronically. You will receive a package in the mail with a notice explaining how to access and review the Meeting materials electronically and how to request a paper copy free of charge (the “**Notice-and-Access Package**”). The Notice-and-Access Package you receive will also contain a proxy form or a voting

instruction form (unless you have chosen to receive proxy materials electronically) so you can vote your shares. The Company has agreed to pay for intermediaries to forward Meeting materials to objecting beneficial owners. Since notice-and-access gives our shareholders more choice, substantially reduces printing, paper and postage, it is a more environmentally friendly and cost effective way to distribute the Meeting materials to shareholders. The Meeting materials are available on our website at <https://cargojet.com/financials-page/> and under Cargojet's profile on SEDAR+ at www.sedarplus.ca.

Shareholders can contact our transfer agent, Odyssey, toll free at 1-888-290-1175 or online at <https://odysseytrust.com/ca-en/help/>, for more information regarding notice-and-access, or to obtain a paper copy of these documents at no charge for up to one year. Requests must be made by March 20, 2026 in order to receive a paper copy of the Meeting materials prior to 3:00 p.m. (Toronto time) on March 27, 2026, which is the deadline for submission of your voting instructions or proxy form. You will not receive a new proxy form or voting instruction form if you request a paper copy of the Meeting materials, so it is important that you keep the original form sent to you in order to vote. If your request is received on or after the date of the Meeting, then the documents will be sent to you within ten calendar days of your request.

Shareholder Voting Procedures

Registered Shareholders

You are a registered shareholder (“**Registered Shareholder**”) if your name appears on your share certificate or on the register maintained by the Company's transfer agent. If you are a Registered Shareholder of Voting Shares, a proxy form is included in the Notice-and-Access Package.

If you are a Registered Shareholder, you can vote in person at the Meeting or by proxy. Voting by proxy means that you are giving a Proxyholder the authority to vote your Voting Shares for you at the Meeting or any adjournment or postponement thereof.

How to Vote in Person

If you are a Registered Shareholder and intend to be present and vote in person at the Meeting, you do not need to complete or return your proxy form. At the Meeting, you should see a representative of Odyssey.

How to Vote by Proxy

Complete and return the form of proxy in the return envelope provided with the Notice-and-Access Package. The proxy must be executed by the Shareholder or the attorney of such Shareholder, duly authorized in writing. Voting by proxy means that you are giving your Proxyholder(s) the authority to vote your Voting Shares for you at the Meeting or any adjournment or postponement thereof.

If you vote by proxy, the directors and officers who are named on the proxy form will vote your Voting Shares for you, unless you appoint someone else to be your Proxyholder. You have the right to appoint a person or company of your choice to be your Proxyholder who need not be a Shareholder to represent you at the Meeting other than the persons designated in the enclosed form of proxy. If you appoint someone else, he or she must be present at the in person Meeting to vote your Voting Shares. Write the name of the person you are appointing in the space provided, complete your voting instructions and date and sign the form. Make sure that the person you appoint is aware that he or she has been appointed as your Proxyholder and attends the Meeting. At the Meeting, he or she should see a representative of Odyssey.

Duly completed and executed proxies must be received by the Company's transfer agent before 3:00 p.m. (Toronto time) on March 27, 2026 or, if the Meeting is adjourned or postponed, prior to 3:00 p.m. (Toronto time) on the second business day preceding the day of the Meeting (excluding Saturdays, Sundays and holidays), or any adjournment or postponement thereof. Completed proxies can be submitted by mail or facsimile and must be received by the Company's transfer agent:

Phone: 1-888-290-1175

Fax: 1-800-517-4553

Mail: 1100, 67 Yonge Street, Toronto ON M5E
1J8

E-mail: shareholders@odysseytrust.com

The Voting Shares represented by any proxy received by management will be voted for, against, or withheld from voting, as the case may be, by the persons named in the form of proxy enclosed with the Notice-and-Access Package in accordance with the direction of the Shareholder appointing them. **In the absence of any direction to the contrary, it is intended that the Voting Shares represented by proxies received by management will be voted on any ballot “FOR”: (1) the election of each of the directors referred to in this Circular, and (2) the reappointment of the auditors of the Company with remuneration to be fixed by the directors.**

How to Change Your Vote

A Registered Shareholder executing the enclosed form of proxy may revoke it at any time before it has been exercised by:

- completing a proxy form that is dated later than the proxy form being revoked and mailing or faxing it to the Company’s transfer agent so that it is received before 3:00 p.m. (Toronto time) on March 27, 2026;
- sending a revocation notice in writing to the Corporate Secretary of the Company at its registered office so that it is received at any time up to and including the last business day before the date of the Meeting. The notice can be from the Shareholder or the authorized attorney of such Shareholder; or
- requesting from the chair of the Meeting in writing that your proxy be revoked.

Non-Registered Shareholders

You are a non-registered (or beneficial) shareholder (“**Non-Registered Shareholder**”) if your bank, trust company, securities broker or other financial institution holds your Voting Shares for you (your nominee). In that case, you will likely not receive a proxy form.

If you are a Non-Registered Shareholder, your Voting Shares are likely held in the book-entry system operated by CDS Clearing and Depository Services Inc. (“**CDS**”). If so, your Voting Shares will not be registered in your name on our records. Unless you instruct your intermediary to vote in accordance with their request for voting instructions, they are generally prohibited from voting your Voting Shares, as Voting Shares should only be voted upon instructions of the beneficial holder. You may vote your Voting Shares in person at the Meeting or through your nominee by following the instructions provided to you by them.

If you are not sure whether you are a Registered Shareholder or Non-Registered Shareholder, please contact Odyssey, the Company’s transfer agent:

Phone: 1-888-290-1175

Fax: 1-800-517-4553

Mail: 1100, 67 Yonge Street, Toronto ON M5E

E-mail: shareholders@odysseytrust.com

How to Vote

For Non-Registered Shareholders, applicable regulations in Canada require brokers and other intermediaries to seek voting instructions from Non-Registered Shareholders in advance of the Meeting. Every broker has its own mailing procedures and provides its own return instructions, which should be

carefully followed by Non-Registered Shareholders in order to ensure that their Voting Shares are voted at the Meeting. Sometimes, the proxy supplied to a Non-Registered Shareholder by its broker is identical to that provided to CDS, as the Registered Shareholder. However, in order for such proxy to be valid, it must be properly executed by the financial intermediary holding the Voting Shares and returned to the Company's transfer agent before 3:00 p.m. (Toronto time) on March 27, 2026 or, if the Meeting is adjourned or postponed, prior to 3:00 p.m. (Toronto time) on the second business day preceding the day of the Meeting (excluding Saturdays, Sundays and holidays). Most intermediaries delegate responsibility to Broadridge Financial Solutions, Inc. ("**Broadridge**") for obtaining instructions from clients. Broadridge typically mails a scannable voting instruction form in lieu of a proxy form to Non-Registered Shareholders and provides appropriate instructions respecting voting of Voting Shares to be represented at the Meeting. Voting instruction forms sent by Broadridge can be completed by (i) using the internet at www.proxyvote.com; (ii) calling the phone number listed thereon; or (iii) mailing the completed voting instruction form in the envelope provided.

For Internet and telephone voting, Non-Registered Shareholders will need the 16-digit Control Number or Username found on their voting instruction forms. Non-Registered Shareholders who have lost or misplaced their voting instruction form can still vote by obtaining a new 16-digit Control Number or Username from their bank, trust company, securities dealer, broker or other intermediary.

Non-Registered Shareholders who receive voting instructions from their intermediary other than those contained in the voting instruction form sent by Broadridge should carefully follow the instructions provided by their intermediary to ensure their vote is counted.

Subject to the terms of your voting instruction form, In the absence of any direction to the contrary, it is intended that the Voting Shares represented by voting instruction forms received by management will be voted on any ballot "FOR": (1) the election of each of the directors referred to in this Circular; and (2) the reappointment of the auditors of the Company with remuneration to be fixed by the directors.

We do not have access to the names or holdings of our Non-Registered Shareholders. That means you can only vote your Voting Shares in person at the Meeting if you have instructed your nominee to appoint you as Proxyholder. To do this, write your name in the space provided on the voting instruction or proxy authorization form provided by your nominee and follow the instructions of your nominee.

If you are a Non-Registered Shareholder and wish to vote in person at the Meeting, please review the voting instruction form provided to you or contact your broker or agent well in advance of the Meeting to determine how you can appoint yourself to do so. At the Meeting, you should see a representative of Odyssey.

How to Change Your Vote

A Non-Registered Shareholder may revoke a voting instruction or proxy authorization form given to an intermediary at any time by written notice to the intermediary, except that an intermediary may not act on a revocation of a voting instruction or proxy authorization form or of a waiver of the right to receive Meeting materials and to vote that is not received by the intermediary in sufficient time prior to the Meeting.

Exercise of Discretion of Proxyholders

The enclosed form of proxy and any voting instructions submitted confer discretionary authority upon the persons named therein with respect to matters not specifically mentioned in the Notice of Meeting but which may properly come before the Meeting or any adjournment or postponement thereof, and with respect to amendments or variations to matters identified in the Notice of Meeting. As of the date hereof, management of the Company is not aware of any such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting and routine matters incidental to the conduct of the Meeting. If any further business is properly brought before the Meeting, it is intended that

the persons appointed as Proxyholder will vote on such other business matters in such manner as such persons then consider being proper.

Declaration of Status

The Company's articles of amalgamation (the "**Articles**") are aligned with the foreign ownership restrictions prescribed by the *Canada Transportation Act* (the "**CTA**"), which permit up to 49% foreign ownership of Canadian air carriers, provided that no single non-Canadian holds more than 25% of the voting interests, and that non-Canadian air service providers do not, in the aggregate, hold more than 25% of the voting interests in a Canadian air carrier. See "*Restrictions on Voting Shares – Foreign ownership limits under the Company's Articles*".

To ensure compliance with the Articles and requirements of the CTA, you must complete the Declaration of Canadian Status contained in the form of proxy or voting instruction form to inform the Company whether you are a (i) Canadian, (ii) non-Canadian holder authorized to provide air service or (iii) non-Canadian who is not a non-Canadian holder authorized to provide air service. If you do not complete such declaration or if it is determined by Cargojet or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the Voting Shares represented by proxy are owned and controlled by a Canadian, you will be deemed to be a non-Canadian holder authorized to provide air service for purposes of voting at the Meeting.

How the Votes are Counted

Odyssey counts and tabulates the votes. Odyssey refers proxy forms to us only when:

- it is clear that a Shareholder wants to communicate with management;
- the validity of the form is in question; or
- the law requires it.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

To the knowledge of the directors and officers of the Company, other than as disclosed elsewhere in this Circular, no director or executive officer of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of any of the foregoing persons, has, at any time since the beginning of the Company's last financial year, any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, other than the election of directors.

VOTING SHARES AND PRINCIPAL HOLDERS OF VOTING SHARES

Voting Shares

The beneficial interests in the Company are divided into two classes, designated as Common Voting Shares and Variable Voting Shares. Each Voting Share represents an equal undivided beneficial interest in any net income and free cash flow from the Company and in any assets of the Company remaining in the event of termination or winding up of the Company. Each Voting Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting, unless otherwise varied in accordance with the terms of the Variable Voting Shares as set forth in our Articles and as further summarized below.

As of the Record Date, there were 14,899,038 Voting Shares issued and outstanding. As of December 31, 2025, being the latest date as of which such information was made available to the Company, there were 13,974,965 Common Voting Shares and 924,073 Variable Voting Shares issued and outstanding.

Principal Holders of Voting Shares

To the knowledge of the directors and officers of the Company, only the following persons beneficially own, directly or indirectly, or exercise control or direction over, Voting Shares carrying more than 10% of the voting rights attached to any class of voting securities of the Company.

Name	Number of Voting Shares	Percentage of Voting Shares
RBC Dominion Securities Inc., Retail Division and RBC Private Counsel (USA) Inc. ⁽¹⁾	1,594,164	10.57%

⁽¹⁾ RBC Dominion Securities Inc., Retail Division and RBC Private Counsel (USA) Inc. are wholly-owned subsidiaries of Royal Bank of Canada ("RBC"). Based on its alternative monthly report dated January 9, 2026, RBC exercises control or direction over 1,594,164 Voting Shares.

Restrictions on Voting Shares

Foreign ownership limits under the Company's Articles

The CTA requires that a national holder of a domestic air service licence and, with certain exceptions, scheduled international and non-scheduled international air service licences, such as Cargojet, be "Canadian". In 2018, the Government of Canada passed the *Transportation Modernization Act (Canada)* (the "TMA"), that amended, among other things, the definition of "Canadian" under section 55(1) of the CTA to increase foreign ownership limits in Canadian air carriers from 25% to 49%, provided that no single non-Canadian holds more than 25% of the voting interests and provided that non-Canadian air service providers do not, in the aggregate, hold more than 25% of the voting interests in a Canadian airline.

At the annual and special meeting of shareholders held on March 30, 2020 (the "**2020 Shareholder Meeting**"), Cargojet received Shareholder approval for a plan of arrangement under section 182 of the *Business Corporations Act* (Ontario) to effect amendments to the Company's Articles to align the restrictions on the level of foreign ownership with those prescribed by the amended definition of "Canadian" under the CTA. The Ontario Superior Court of Justice (Commercial List) subsequently issued a final order approving the plan of arrangement and Cargojet's amended Articles became effective on April 1, 2020.

More specifically, the definition of "Canadian" under section 55(1) of the CTA, as amended by the TMA, is as follows:

"(a) a Canadian citizen or a permanent resident as defined in subsection 2(1) of the Immigration and Refugee Protection Act,

(b) a government in Canada or an agent or mandatary of such a government, or

(c) a corporation or entity that is incorporated or formed under the laws of Canada or a province, that is controlled in fact by Canadians and of which at least 51% of the voting interests are owned and controlled by Canadians and where

(i) no more than 25% of the voting interests are owned directly or indirectly by any single non-Canadian, either individually or in affiliation with another person, and

(ii) no more than 25% of the voting interests are owned directly or indirectly by one or more non-Canadians authorized to provide an air service in any jurisdiction, either individually or in affiliation with another person."

Restrictions on Variable Voting Shares

The Company has two classes of shares: (i) Common Voting Shares, and (ii) Variable Voting Shares. The Common Voting Shares and Variable Voting Shares are traded on the TSX under the single ticker “CJT”.

The Common Voting Shares may only be held, beneficially owned and controlled, directly or indirectly, by Canadians. An issued and outstanding Common Voting Share shall be converted into one Variable Voting Share, automatically and without any further act of the Company or the holder, if such Common Voting Share becomes held, beneficially owned or controlled, directly or indirectly, other than by way of security only, by a person who is not a Canadian. Each Common Voting Share confers the right to one vote.

The Variable Voting Shares may only be held, beneficially owned or controlled, directly or indirectly, by persons who are not Canadians. An issued and outstanding Variable Voting Share shall be converted into one Common Voting Share, automatically and without any further act of the Company or the holder, if such Variable Voting Shares becomes held, beneficially owned and controlled, directly or indirectly, other than by way of security only, by a Canadian.

Each Variable Voting Share confers the right to one vote unless:

- (i) the number of Variable Voting Shares held by any single non-Canadian, either individually or in affiliation with any other person, as a percentage of the total number of issued and outstanding Voting Shares of Cargojet, or the total number of votes that would be cast by or on behalf of any single non-Canadian holder of Variable Voting Shares, either individually or in affiliation with any other person, at any meeting in relation to the total number of votes cast at such meeting, exceeds 25% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet);
- (ii) the number of Variable Voting Shares held collectively by one or more non-Canadians authorized to provide air service in any jurisdiction (“**Non-Canadian Air Carrier**”), either individually or in affiliation with any other person, as a percentage of the total number of issued and outstanding Voting Shares of Cargojet, or the total number of votes that would be cast by or on behalf of one or more Non-Canadian Air Carrier holders of Variable Voting Shares, either individually or in affiliation with any other person, at any meeting in relation to the total number of votes cast at such meeting and after the application of the voting restriction in (i) above if required, exceeds 25% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet); or
- (iii) the number of Variable Voting Shares, as a percentage of the total number of issued and outstanding Voting Shares of Cargojet, or the total number of votes that would be cast by or on behalf of holders of Variable Voting Shares at any meeting in relation to the total number of votes cast at such meeting and after the application of the voting restrictions in (i) and (ii) above if required, exceeds 49% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet).

If either of the thresholds in (i) or (ii) above would otherwise be exceeded at any time, the vote attached to each of their Variable Voting Shares will decrease proportionately and automatically without further act or formality such that the Variable Voting Shares held, as applicable, by any single non-Canadian or by all Non-Canadian Air Carriers, either individually or in affiliation with any other person, do not carry more than 25% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet) of the aggregate votes attached to all issued and outstanding Voting Shares of Cargojet and the total number of votes cast, as applicable, by or on behalf of any single non-Canadian or by all Non-Canadian Air Carriers, either individually or in affiliation with any other person, at any meeting do not exceed 25% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet) of the total number of votes cast at such meeting. For greater certainty, a single Non-Canadian Air Carrier would also constitute a single non-Canadian holder for purposes of the voting restriction in (i) above.

If the threshold in (iii) above would otherwise be exceeded at any time, the vote attached to each Variable Voting Share will decrease proportionately and automatically without further act or formality such that the Variable Voting Shares do not carry more than 49% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet) of the aggregate votes attached to all issued and outstanding Voting Shares of Cargojet and the total number of votes cast by or on behalf of holders of Variable Voting Shares at any meeting do not exceed 49% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the directors of Cargojet) of the total number of votes cast at such meeting.

Declaration of Canadian or Non-Canadian Status

Shareholders who wish to vote either by completing and delivering a proxy or a voting instruction form or by attending and voting at the Meeting will be required to complete a Declaration of Ownership in order to enable the Company to comply with the restrictions imposed by its Articles and the CTA on the ownership and voting of its Voting Shares. If you do not complete such declaration or if it is determined by the Company or its transfer agent that you incorrectly indicated (through inadvertence or otherwise) that the Voting Shares represented by the proxy are owned and controlled by a Canadian, you will be deemed to be a non-Canadian holder authorized to provide air service for purposes of voting at the Meeting. Such declaration is contained in the form of proxy or with the voting instruction form provided to you, as applicable.

The Company has adopted various procedures and processes to ensure that the non-Canadian ownership restrictions of Voting Shares under its Articles are respected.

Exemptive Relief from Take-Over Bid and Early Warning Rules

On May 1, 2019, the Company received an exemption to treat its Variable Voting Shares and Common Voting Shares as a single class for the purposes of applicable take-over bid requirements and early warning reporting requirements contained under Canadian securities laws. The securities regulatory authorities in each of the provinces of Canada granted exemptive relief (the “**Decision**”) from: (i) applicable formal takeover bid requirements, as contained under Canadian securities laws, such that those requirements would only apply to an offer to acquire 20% or more of the outstanding Variable Voting Shares and Common Voting Shares on a combined basis; (ii) applicable early warning reporting requirements, as contained under Canadian securities laws, such that those requirements would only apply to an acquirer who acquires or holds beneficial ownership of, or control or direction over, 10% or more of the outstanding Variable Voting Shares and Common Voting Shares on a combined basis (or five per cent in the case of acquisitions during a take-over bid or an issuer bid); and (iii) applicable alternative monthly reporting requirements, as contained under Canadian securities laws, such that eligible institutional investors may meet the eligibility criteria for alternative monthly reporting by calculating its security holdings using (A) a denominator comprised of all outstanding Common Voting Shares and Variable Voting Shares on a combined basis, and (B) a numerator including all of the Common Voting Shares and Variable Voting Shares owned or controlled by the eligible institutional investor. A copy of the Decision is available under the Company’s profile on SEDAR+ at www.sedarplus.ca.

The Decision takes into account that the Company’s dual class shareholding structure was implemented solely to ensure compliance with the foreign ownership requirements of the CTA. An investor does not control or choose which class of shares it acquires and holds. The class of shares ultimately available to an investor is solely a function of the investor’s status as a Canadian or non-Canadian (as defined in the CTA). Due to the relatively small number of outstanding Variable Voting Shares, absent the Decision, it may have been more difficult for non-Canadian investors to acquire Variable Voting Shares in the ordinary course without the apprehension of inadvertently triggering the takeover bid rules or early warning requirements. The Decision considered the fact that the Variable Voting Shares and common shares have identical terms except for the foreign ownership voting limitations applicable in the case of the Variable Voting Shares.

BUSINESS OF THE MEETING

The following items are planned to be brought before the Meeting:

1. to receive and consider the audited consolidated financial statements of the Company for the fiscal period ended December 31, 2025 and the report of the auditors thereon;
2. to elect the directors of the Company who will serve until the end of the next annual meeting of Shareholders or until their successors are elected or appointed;
3. to appoint the auditors of the Company and to authorize the directors of the Company to fix their remuneration; and
4. to transact such other business as may properly come before the Meeting or any adjournments thereof.

As of the date of this Circular, management is not aware of any changes to these items and does not expect any other items to be brought forward at the Meeting. If there are changes or new items, your Proxyholder can vote your Voting Shares on these items as he or she sees fit.

1. Financial Statements

At the Meeting, Shareholders will receive and consider the audited consolidated financial statements of the Company for the fiscal period ended December 31, 2025 and the report of the auditors thereon. Current financial information for the Company is provided in the Company's comparative financial statements and management's discussion and analysis ("**MD&A**") for the most recently completed financial year. This information and additional information relating to the Company can be found under Cargojet's profile on SEDAR+ at www.sedarplus.ca and on our website at <https://cargojet.com/financials-page/>.

2. Election of Directors

The Company's Articles provide that the Board of Directors must have a minimum of three and a maximum of ten directors. The Board is currently comprised of five directors. This year, Deepak Chopra is standing for election as a new nominee, and Brian Levitt will not be standing for re-election.

The persons identified below under "*Director Nominees*" will be nominated for election as directors at the Meeting. All such nominees are presently directors of the Company, with the exception of Deepak Chopra, who is being nominated for the first time. Each director is expected to hold office until the next annual meeting of Shareholders or until their successors are elected or appointed. The directors are elected annually and, unless re-elected, retire from office at the end of the next annual meeting of Shareholders. The nomination of directors for election is subject to the Company's Advance Notice By-Law described below under "*Election of Directors — Advance Notice By-Law*" and the election of directors is subject to the Company's Majority Voting Policy described below under "*Election of Directors — Majority Voting*".

Unless a proxy specifies that the Voting Shares it represents should be withheld from voting in respect of the election of directors or voted in accordance with the specification in the proxy, the persons named in the enclosed form of proxy intend to vote FOR the election of each of the director nominees listed in this Circular.

Advance Notice By-Law

The Company has adopted advance notice provisions (the "**Advance Notice By-Law**"), which are included in the Amended and Restated By-Laws, for the purpose of providing Shareholders, directors and management of the Company with a clear framework for nominating directors of the Company in connection with any annual or special meeting of Shareholders.

The purpose of the Advance Notice By-Law is to (i) ensure that all Shareholders receive adequate notice of director nominations and sufficient time and information with respect to all nominees to make appropriate deliberations and register an informed vote; and (ii) facilitate an orderly and efficient process for annual or special meetings of Shareholders of the Company. The Advance Notice By-Law fixes the deadlines by which holders of record of Voting Shares must submit director nominations to the Company prior to any annual or special meeting of Shareholders and sets forth the information that a Shareholder must include in a timely written notice to the Company for any director nominee to be eligible for election at such annual or special meeting of Shareholders.

A Shareholder's notice must be received at our head office (i) in the case of an annual meeting of Shareholders, not less than 30 days prior to the date of the annual meeting of Shareholders; provided, however, that in the event that the annual meeting of Shareholders is to be held on that date is less than 50 days on which the first public announcement (as defined below) (the "**Notice Date**") of the date of the annual meeting was made, a Shareholder's notice may be made not later than the close of business on the 10th day following the Notice Date; and (ii) in the case of a special meeting (which is not also an annual meeting) of Shareholders called for the purpose of electing directors (whether or not called for the other purposes as well), not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting of Shareholders was made. The Advance Notice By-Law also prescribes the proper written form for a Shareholder's notice. These provisions may preclude Shareholders from making nominations for directors at an annual or special meeting of Shareholders.

For the purposes of the Advance Notice By-Law, "public announcement" means disclosure in a press release reported by a national news service in Canada, or in a document publicly filed by the Company under its profile on SEDAR+ at www.sedarplus.ca.

A copy of the Company's Advance Notice By-Law is available on the Company's corporate website at <https://cargojet.com/corporate-policies/> under the Company's "Corporate Policies" page.

Majority Voting

In accordance with the requirements of the TSX, the Board has adopted a majority voting policy. In an uncontested election of directors, any director nominee who receives more votes "withheld" than "for" must submit his or her resignation promptly, such resignation to take effect on acceptance by the Board. The Compensation and Nominating Committee will consider the offer to resign and make a recommendation to the Board whether to accept it or not after reviewing the matter. The Board will accept the resignation unless it determines, in consultation with the Compensation and Nominating Committee, that there are exceptional circumstances that should delay the acceptance of the resignation or justify rejecting it. The Board will act on the Compensation and Nominating Committee's recommendation within 90 days following the Shareholders' meeting. The Board's decision to accept or reject the resignation offer will promptly be disclosed to the public by press release, and should the Board decline to accept the resignation, the press release will include the reasons for its decision. A director who tenders a resignation pursuant to the majority voting policy will not participate in any Compensation and Nominating Committee or Board deliberations at which the resignation is considered. The policy does not apply in circumstances involving contested director elections.

A copy of the Company's majority voting policy is available on the Company's corporate website at <https://cargojet.com/corporate-policies/> under the Company's "Corporate Policies" page.

The Company, Dr. Ajay Virmani and the Virmani Family Trust entered into an updated governance rights agreement dated February 26, 2020 (the "**Governance Rights Agreement**"), which provides Dr. Virmani with the right to be nominated for election as a director of the Company as long as he serves as the Executive Chairman or Chief Executive Officer, and a right to nominate an additional director for as long as he and his affiliates maintain an economic ownership in the Company that is not less than 50% of its ownership as of the date of the Governance Rights Agreement or valued at or in excess of \$35 million.

At the Meeting, Dr. Virmani is nominated for election as a director and no other director is being nominated pursuant to the Governance Rights Agreement.

3. Appointment of Auditors

The Board of Directors, on the recommendation of the Audit Committee, recommends that Pricewaterhouse Coopers LLP ("**PwC**") be reappointed as auditors of the Company until the close of the next annual meeting for Shareholders and to authorize the Board to fix their remuneration. PwC has served as the auditor of the Company since being appointed in August 2016. PwC has confirmed to the Company that it is independent within the meaning of the Rules of Professional Conduct of the Chartered Professional Accountants of Ontario.

Unless a proxy specifies that the Voting Shares it represents should be withheld from voting in respect of the appointment of auditors or voted in accordance with the specification in the proxy, the persons named in the enclosed form of proxy intend to vote FOR the reappointment of PwC as auditors of the Company and the authorization of the directors of the Company to fix their remuneration.

Additional information with respect to external auditor fees for past services is available in our annual information form for the year ended December 31, 2025 under the heading "*Audit Committee – External Auditor Service Fees*", which can be accessed under the Company's profile on SEDAR+ at www.sedarplus.ca.

Remuneration of Directors

The non-executive director compensation program is designed to attract and retain experienced and skilled talent to serve on the Company's Board of Directors and its committees, leading to the strong stewardship and long-term success of the Company. The Company aims to adequately and competitively compensate directors, taking into account the risks and responsibilities of being an effective director. In setting director compensation levels, the Board considers best practices, the mix of remuneration between cash and equity, and the Share Ownership Guidelines.

The fee schedule for the Company's non-executive directors is as follows:

Annual Board Retainer – Cash	Cash	\$100,000
Annual Board Retainer – Equity	Deferred Share Units (DSUs)	\$150,000

Additional Compensation for Board Service

Lead Director	Additional Cash Retainer	\$60,000
Audit Committee Chair	Additional Cash Retainer	\$25,000
Corporate Governance Committee Chair	Additional Cash Retainer	\$15,000
Compensation and Nominating Committee Chair	Additional Cash Retainer	\$20,000
Risk and Safety Committee Chair	Additional Cash Retainer	\$15,000

The Board compensation grid is designed to provide total non-executive director compensation aligned with the median of the Company's North American Peer Group. Non-executive directors are not eligible for Options and other forms of dilutive equity retainers. The equity component of the non-executive directors' compensation is awarded in the form of fully vested cash-settled DSUs. DSUs count towards satisfying share ownership requirements. Non-executive directors have the opportunity to defer the cash portion of their cash compensation in DSUs voluntarily.

All directors are entitled to be reimbursed for out-of-pocket expenses reasonably incurred by them in their attendance of Board meetings. No director compensation is paid to directors who are members of management of the Company or its subsidiaries. For a summary of compensation paid to Dr. Virmani in his capacity as an executive officer of the Company, see "Executive Compensation Discussion and Analysis – Summary Compensation Table".

The following table provides information regarding compensation earned by the directors for acting in such capacity during the financial year ended December 31, 2025:

Share Ownership Requirements

The Board believes it is important that its independent directors, Executive Chairman, Chief Executive Officer (“CEO”) and members of senior management, being those executives holding the titles of Senior Vice President and above, demonstrate their commitment to the Company’s performance through share ownership, and has implemented the Share Ownership Guidelines for these individuals.

Independent directors are required to maintain a minimum investment in Voting Shares and/or DSUs equal to three times the annual Board retainer. Each independent director must satisfy these guidelines within five years of the director’s date of appointment to the Board. As at the date hereof, all the independent directors have met the required level of investment under the Share Ownership Guidelines, with the exception of Ms. Traversy and Mr. Kazzaz who were elected to the Board effective April 11, 2023 and April 3, 2025, respectively, and have until April 11, 2028 and April 3, 2030, respectively, to meet the required level of ownership. Actual director equity ownership data is reported in the relevant section under the “*Director Nominees*” section of this Circular.

Deferred Share Unit Program

Our Compensation and Nominating Committee is responsible for reviewing and approving any changes to the directors’ compensation arrangements. To allow directors to participate in the long-term success of the Company and to promote a greater alignment of their interests with the interests of Shareholders of Cargojet, the Board, on the recommendation of the Compensation and Nominating Committee, has approved a cash-settled deferred share unit program. In consideration for serving on our Board, each director that is not an employee will be paid an annual Board retainer, a portion of which is paid in DSUs. See “*Remuneration of Directors*” above. Non-executive directors are not eligible for Options and other forms of dilutive equity retainers. The equity component of the non-executive directors’ compensation is awarded in the form of fully vested cash-settled DSUs.

The following table provides information regarding outstanding share-based and option-based awards vested or earned by the directors during the year ended December 31, 2025:

CORPORATE GOVERNANCE PRACTICES

General

The Company and the Board recognize the importance of sound corporate governance practices to the proper and effective management of the Company and the operation of our business. This includes compliance with applicable regulatory requirements and the adoption of certain best practices that go beyond the requirements mandated by regulation. The Company continues to monitor corporate governance developments in Canada with a view to further enhancing its governance policies and practices, as appropriate.

To this end, the Company has adopted comprehensive corporate governance policies and procedures, including the following key policies and documents:

- Mandate of the Board of Directors
- Charters of the various committees of the Board, including the AC, CGC, CNC and RSC
- Position Descriptions for the Chairman of the Board and the CEO
- Code of Ethics
- Majority Voting Policy
- Clawback Policy
- Share Ownership Guidelines
- Advance Notice By-Law
- Whistleblower Policy

Certain of the above documents, together with the Company's constating documents, can be found on the Company's corporate website at <https://cargojet.com/corporate-policies/> under the Company's "Corporate Policies" page.

The Board fulfills its mandate directly and through its committees at regularly scheduled meetings and more frequently as required, in light of the Company's key strategies, opportunities and risks. The directors are kept informed of developments in the Company's operations and industry through reports and discussions with management on matters within their particular areas of expertise.

The following is a description of the Company's corporate governance practices, which has been prepared by the CGC and has been approved by the Board.

Board of Directors

Independence

The Board is currently comprised of five directors and, following the Meeting, is contemplated to be comprised of five directors, three of whom are considered independent in accordance with National Instrument 52-110 – *Audit Committees* ("NI 52-110"). Dr. Virmani is not considered independent because of his position as the Executive Chairman of the Company. Mr. Chopra, should he be elected, will not be considered independent until January 2027, because he received more than \$75,000 in consulting compensation from the Company for the year ended December 31, 2023.

The Company has taken steps to ensure that adequate structures and processes have been put in place to permit the Board to function independently of management of the Company. As discussed in greater detail under "*Position Descriptions*" below, while the Executive Chairman is not an independent director, the Board has a Lead Director who provides leadership to the independent directors. The independent directors of the Board and each of the committees regularly hold *in camera* sessions without non-independent directors or management present at each meeting and on an ad-hoc basis as may be needed to discuss items or special resolutions. The Lead Director conducts these sessions at Board meetings and the chair of each committee conducts them at committee meetings.

Other Board Memberships

Some members of our Board are also members of the boards of other public companies but do not sit on the same board of another public company. See the "*Director Nominees*" section of this Circular. The CNC believes that there are no circumstances that would impact a director's ability to exercise independent judgment and that each director has sufficient time to fulfill his or her commitment to the Company.

Skills of Director Nominees

The Company recognizes the importance and benefit of having members of the Board who are highly qualified with functional expertise and personal skills, having regard to the Company's current and future plans and objectives, as well as regulatory and market developments. The skills matrix below lists the key

areas of expertise and/or experience for each director nominee in areas that the Board considers important to the Company.

Board Mandate

The Board is responsible for supervising the management of the Company's business and affairs and is accountable to the Shareholders. The Board discharges its responsibilities directly and through delegation to the Audit Committee and other standing committees of the Board, currently consisting of the CNC, the CGC and the RSC. The Board is responsible for oversight in the following key areas:

- reviewing and approving management's strategic and business plans;
- overseeing management's implementation of appropriate systems to effectively monitor, manage and mitigate the impact of such risks;
- appointing our CEO, approving the corporate goals and objectives that our CEO is responsible for meeting and reviewing the performance of our CEO against such corporate goals and objectives;
- succession planning, including the appointment of management;
- approving the compensation of the senior executives of the Company upon the recommendation of the CNC;
- reviewing and monitoring the adequacy and effectiveness of the Company's system of internal control and management information systems;
- approving corporate disclosure and applicable regulatory filings; and
- orientation and continuing education of directors.

Director Term Limits and Retirement Policy

The Board recognizes the importance and value of adding new directors who bring a diversity of views and a fresh outlook, and also believes that a director's effectiveness is enhanced by experience on the Board. Effective 2023, Cargojet's Charter of the Board was updated to provide that, subject to receiving solid annual performance assessments and being annually re-elected by Shareholders, directors may serve on the Board for up to 15 years (the "Term Limit"). In exceptional circumstances, on the recommendation of the CGC, the Board may extend the Term Limit for a director by up to an additional five years if it is in the best interest of Cargojet to do so.

Given the relatively small size of the Board, the Board believes that refreshment and additional diversity can also occur over time by increasing the overall size of the Board.

Board composition and the continued nomination of directors are considered each year and assessments are made on a case-by-case basis, taking into account the skills and contribution of each director. The Board maintains a director skills matrix (as set out under “*Skills of Director Nominees*” above) that identifies the skills and expertise required for the Board along with areas for growth and improvement and also considers diversity (see “*Board and Executive Officer Diversity Policy*” below).

Compensation and Nominating Committee (CNC)

The CNC is composed of Arlene Dickinson (Chair), Mary Traversy and Amos Kazzaz, all of whom are independent. The Board has adopted a written mandate for the CNC. See “*Executive Compensation Discussion and Analysis – Compensation and Nominating Committee’s Mandate*” and “*Executive Compensation Discussion and Analysis – Composition of the Compensation and Nominating Committee*” for further information regarding the Company’s compensation and nomination practices and the CNC.

Corporate Governance Committee (CGC)

The CGC is composed of Mary Traversy (who will assume the position of Chair), Arlene Dickinson, Amos Kazzaz and, if elected, will include Deepak Chopra, a majority of whom are independent. The Board has adopted a written mandate for the CGC. The responsibilities of the CGC include assisting the Board in fulfilling its oversight responsibilities with respect to, among other things:

- developing our corporate governance guidelines and principles and providing us with governance leadership;
- monitoring and evaluating our securities compliance procedures;
- reviewing the structure, composition and mandate of our Board and Board committees; and
- developing and implementing the Company’s ESG objectives.

The CGC is responsible for establishing and implementing procedures to evaluate the performance and effectiveness of our Board and committees of our Board. The CGC also takes reasonable steps to evaluate and assess, on an annual basis, directors’ performance and the effectiveness of our Board and committees of our Board. The assessment addresses, among other things, individual director independence, individual director and overall Board skills, and individual director financial literacy. Our Board receives and considers the recommendations from the CGC regarding the results of the evaluation of the performance and effectiveness of our Board and committees of our Board.

See also “*Corporate Governance Practices – Assessment of the Board*” and “*Corporate Governance Practices – Environmental, Social and Governance Matters*”.

Audit Committee (AC)

The Audit Committee is composed of Amos Kazzaz (Chair), Arlene Dickinson and Mary Traversy, each of whom is financially literate and is independent within the meaning of NI 52-110.

The mandate of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to, among other things:

- financial reporting and related financial disclosure;
- the implementation of risk management and internal control over financial reporting and disclosure controls and procedures; and

- external and internal audit processes.

The Audit Committee is also responsible for the effectiveness of the Company's Whistleblower Policy and for any follow-up regarding instances of non-compliance. The Company's Whistleblower Policy provides that employees, directors and officers are required to anonymously report certain prohibited conduct regarding accounting, internal controls, disclosure controls or auditing matters to a designated third party service provider or the audit committee.

The Audit Committee also reviews related party transactions. See "*Conflicts of Interest and Related Party Transactions*".

Information regarding the Company's Audit Committee is contained in the Company's annual information form (the "AIF") dated February 24, 2026 under the heading "*Audit Committee*". The AIF is available under the Company's profile on SEDAR+ at www.sedarplus.ca and on the Company's website at <https://cargojet.com/financials-page/>.

Risk and Safety Committee (RSC)

The Risk and Safety Committee is composed of Mary Traversy (who currently serves as Chair), Arlene Dickinson, Amos Kazzaz and, if elected, will include Deepak Chopra (who will be assuming the position of Chair), a majority of whom are independent in accordance with National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101").

The mandate of the Risk and Safety Committee is to assist the Board in fulfilling its oversight responsibilities with respect to, among other things:

- reviewing and monitoring the Company's major enterprise and financial risk exposures, including strategic, operational, information security and cybersecurity, compliance risk exposures, risk exposures related to ESG matters, trends in the Company's risk matrix and the steps that the Company's management team has taken to access, monitor and manage risk exposures, trends and concentrations;
- reviewing and monitoring the Company's health and safety systems, including those related to the flight and ground operations of the Company, for the reporting of actual or potential accidents, breaches and incidents and identified hazards and risks throughout the Company;
- reviewing the Company's strategies, policies, systems, resources, standards and processes established by the Company's management to identify, assess, manage and monitor an effective and comprehensive risk management framework;

- reviewing as necessary the results of significant audits and assessments conducted by the Company or external compliance assessments (e.g., IATA Operational Safety Audit); and
- making recommendations to the Board in respect of any of the foregoing or any other matter within the mandate of the Risk and Safety Committee.

Lead Director of the Board

As of the date hereof, Brian Levitt is the Lead Director of the Board. Following the Meeting, Mary Traversy will assume the role of Lead Director of the Board. The Lead Director provides leadership to the independent directors, as applicable, and is responsible, with the Executive Chairman, for effectively managing the affairs of the Board and ensuring the Board is properly organized and functions efficiently. The Lead Director's key responsibilities include, among others, ensuring the Board can function independently of management and the Company, working to facilitate an effective relationship between senior executives of the Company and the Board, and working with the Executive Chairman and other senior executives of the Company, as appropriate and as required, in assisting in monitoring progress of their respective mandates and duties. If elected: (i) Mary Traversy will be the Chair of the CGC; (ii) Arlene Dickinson will remain the Chair of the CNC; (iii) Amos Kazzaz will remain the Chair of the AC; and (iv) Deepak Chopra will be the Chair of the RSC. Our Board has adopted a written position description for each of our committee chairs which sets out each of the committee chair's key responsibilities, including, among others, duties relating to setting committee meeting agendas, chairing committee meetings and working with the respective committee and management to ensure, to the greatest extent possible, the effective functioning of the committee.

Executive Succession Planning

The CNC formally reviews and discusses executive succession planning, with the recent leadership changes being part of such succession planning. More particularly, the CNC reviews the succession plan status for key executive officers and assesses whether there is a readiness to fill potential vacancies, identifies the qualified individuals to fill such vacancies on both an immediate and longer-term basis and determines whether there are any gaps in readiness, as well as how the executive succession planning process can be improved.

The CNC also focuses specifically on the succession of key executives as well as development considerations for a potential successor candidate. The CNC maintains a list of both internal and external candidates to fill both unexpected as well as long-term needs of the Company. The CNC also meets with members of the executive management team through their participation in meetings and presentations to the Board, as well as occasionally through informal meetings throughout the year, which allows CNC members to get to know members of the management team who are potential future leaders of the Company.

Orientation and Continuing Education

The Board believes that ongoing education is important for maintaining a current and effective Board. The Board is responsible for ensuring that new directors are provided with a comprehensive orientation and education program aimed at familiarizing themselves with the Company's industry, strategic plans, significant risk management issues and financial standing, as well as providing a full understanding of the role of the Board and its committees, the contribution individual directors are expected to make and the nature and operation of the Company's business. The program may include presentations from senior management and visits to operational facilities.

The Board recognizes the importance of ongoing director education and the need for each director to take personal responsibility for this process. To facilitate ongoing education of the directors, the Board, through consultation with its committees:

- canvases the directors to determine their training and education needs and interests;
- arranges visits by the directors to the Company's facilities and operations; and
- coordinates presentations by outside experts to the Board or its committees on matters of particular importance or emerging significance.

The Board has also been provided with materials from management and the auditors regarding changes in governance trends and updates in policies and procedures. These updates have served to keep directors aware and aligned with the policies and procedures of the Company and informed regarding Governance best practices and regulatory changes.

As summarized in the table below, the Board has developed a director continuing education program and held quarterly sessions in 2025 on various topics with the help of internal resources and outside advisers, which sessions were attended by each member of the Board.

Assessment of the Board

The Board has implemented a formal process to assess the performance of the Board, its committees and individual directors on an annual basis. This assessment is done through the use of confidential questionnaires and the opportunity for one-on-one interviews with each director by the Lead Director, including a peer review, in order to identify opportunities to enhance the operations and effectiveness of the Board and its committees. The Lead Director presents the summarized results to the CGC and the Board.

Code of Ethics

The written code of ethics (the “**Code**”) applies to all of our officers, directors, employees, contractors and agents acting on behalf of the Company. The objective of the Code is to provide guidelines for maintaining our and our subsidiaries’ integrity, trust and respect. The Code addresses compliance with laws, rules and regulations, conflicts of interest, confidentiality, commitment, preferential treatment, financial information, internal controls and disclosure, protection and proper use of our assets, communications, fair dealing, fair competition, due diligence, illegal payments, equal employment opportunities and harassment, privacy, use of Company computers and the Internet, political and charitable activities and reporting any violations of law, regulation or the Code of Ethics. Our Board has ultimate responsibility for monitoring compliance with the Code of Ethics and it monitors compliance through the CEO and the Chief Financial Officer. The Code of Ethics is filed with the Canadian securities regulatory authorities on the SEDAR+ website under the Company’s profile at www.sedarplus.ca and is available on our website at <https://cargojet.com/corporate-policies/>.

Conflicts of Interest and Related Party Transactions

Cargojet expects and promotes a culture of integrity and ethical business conduct by requiring employees, officers, and directors to conduct their personal business and affairs in a manner that ensures that their private or personal interests do not interfere or appear to interfere with the interests of the Company. Our Code provides that each director, officer and employee must provide full disclosure of any circumstances giving rise to a conflict of interest. Directors and officers must provide full disclosure to the Audit Committee Chairman. Directors and officers are also required to comply with the relevant provisions of the *Business Corporations Act* (Ontario) regarding conflicts of interest.

The Audit Committee had adopted amendments to its Charter to expressly assist the Board in its oversight of related party transactions. The Audit Committee will consider the related party transaction against applicable legal and regulatory requirements and may recommend the use of an ad-hoc independent committee of the Board to assist the Board in the evaluation of any such related party transactions. The Audit Committee is considered the appropriate committee to assess related party transactions given the

additional independence requirements required of each committee member pursuant to applicable securities laws. For purposes of this policy, “related party transaction” includes entities that the Company controls and directors and officers of the Company or an entity that the Company controls, and applies to any agreement entered into with such related party. Any related party transaction with a value of, or exceeding, U.S.\$500,000, must be preapproved by the Audit Committee. The Audit Committee discusses with management the business rationale for the transactions, reviews applicable disclosures and reports to the Board on all such transactions. The Audit Committee also liaises with the Company’s independent auditors, as necessary, to review and discuss any transactions with related parties, including any significant matters arising from the audit in connection therewith.

Board and Executive Officer Diversity Policy

The Company has adopted a written diversity policy and recognizes the importance and benefit of having a workforce, including members of the Board and executive officers, comprised of highly talented and experienced individuals who: (i) reflect the diversity of the Company’s stakeholders, including its customers and employees, and the changing demographics of the communities in which the Company operates; and (ii) recognize the need to foster and promote diversity among Board members, executive officers and others with respect to attributes such as gender, ethnicity, age, sexual orientation, national origin, disability and other characteristics that may otherwise be underrepresented. The Company is committed to an inclusive Board composition.

The Board will promote its objectives through such measures as the annual evaluation and assessment of the Board, individual directors and committee members (as discussed under “*Assessment of the Board*” above), the ongoing development and maintenance of a director skills matrix and ensuring that the nominee recruitment and identification process is appropriate in both depth and scope to foster identification and progression of diverse candidates. The Board seeks to implement such measures with a view to identifying and fostering the development of a suitable pool of female candidates, as well as candidates that reflect other attributes of diversity for nomination or appointment over time, including indigenous peoples, persons with disabilities and members of visible minorities.

Diversity is at the forefront of our Company’s leadership. Dr. Virmani, who stepped into the role of Executive Chairman effective January 1, 2024 and is also a director on our Board, is a member of a visible minority. Mr. Chopra is also a member of a visible minority and, if elected, Dr. Virmani and Mr. Chopra would represent 40% of the proposed five-person Board. In addition, approximately 33% of the Company’s executive officers are members of a visible minority.

Two of our directors, Arlene Dickinson and Mary Traversy, are women and were elected to the Board in 2018 and 2023, respectively. If re-elected, Ms. Dickinson and Ms. Traversy would represent 40% of the proposed five-person Board and 66% of the Company’s independent directors. Our CEO, Pauline Dhillon, is a woman and a member of a visible minority. In addition, women hold approximately 17% of the Company’s executive officer positions.

Environmental, Social and Governance Matters

CORPORATE PERFORMANCE AND COMPENSATION LINKAGES

In 2025, Cargojet achieved numerous important performance milestones and accomplished key strategic objectives. The following is a summary of these accomplishments, among others:

- Cargojet renewed its long-term strategic partnership with DHL Network Operations (USA) Inc. ("**DHL**") by extending the term to March 31, 2033. In addition, to align interests and strengthen the relationship, the Company terminated the warrants granted to DHL to acquire 1,645,000 Variable Voting Shares issued to DHL in March 2022 and issued new warrants to DHL Aviation (Netherlands) B.V. (the "**DHL Warrantholder**") to acquire up to 1,000,000 Variable Voting Shares, representing up to 6.63% of the Company's shares (on a non-diluted basis as of August 6, 2025), at a price of \$93.61 per share over a period of eight years, with vesting tied to the delivery by DHL of up to US\$2.3 billion in business volume during the same term.
- Cargojet extended the term of its air transportation services agreement with Amazon Canada Fulfillment Services, ULC ("**Amazon**") to March 31, 2029, with a further right for Amazon to extend to March 31, 2031.
- Cargojet scheduled direct air cargo service connecting Canada and Europe as part of its long-term expansion strategy. The partnership involves a weekly service linking Liege Airport, Europe's

leading cargo gateway, with Canada’s major cargo hubs to significantly expand Cargojet’s global network and provide customers with dependable, time-sensitive service and connectivity across continents.

- Morningstar DBRS has assigned Cargojet an investment-grade issuer credit rating of BBB (low), citing Cargojet’s contracted recurring revenue profile, efficient operations, leading market position in the Canadian domestic overnight air cargo market, and commitment to maintaining leverage within its publicly stated target range. Subsequent to achieving that rating, Cargojet issued \$250 million aggregate principal amount of its inaugural investment grade 4.599% senior unsecured notes due 2030, the proceeds of which were used, in part, to redeem in full its 5.25% senior unsecured hybrid debentures due June 30, 2025, lowering Cargojet’s overall borrowing costs.

Performance Graph – Total Shareholder Return and NEO Direct Compensation

During the period from January 1, 2021, to December 31, 2025, the Company’s cumulative total shareholder return was a decrease of 58.8% compared to the S&P/TSX Index increase of 110.8%. During that same period, the total direct compensation awarded to our Named Executive Officers (each an “NEO”) generally followed a downward trend until December 2023 (on a “per-NEO basis”), as a result of the Board’s commitment to tying executive compensation to corporate performance and in accordance with the evolution of performance expectations as the Company scaled. In 2024, the Company implemented its leadership transition resulting in a structure including an Executive Chairman and two Co-CEOs. There is only one CEO remaining as of January 1, 2026, following the retirement of one Co-CEO on December 31, 2025. As previously disclosed, the Board intends to continue reducing the Executive Chairman’s total compensation in 2026.

The following graph compares the yearly percentage change in the cumulative total shareholder return for \$100 invested in Voting Shares on January 1, 2021, against the cumulative total shareholder return of the S&P/TSX Composite Index for the five most recently completed financial years of the Company, assuming the reinvestment of all distributions and dividends, as applicable.

2021-2025 CEO Compensation Lookback

The CEO lookback table compares the total direct compensation awarded to the CEO or Co-CEOs for each of the last five years and the actual value on December 31, 2025. As detailed below, the actual value includes realized value (base salary, short-term incentive payouts, vested share-based awards and exercised Options) and realizable value (outstanding share-based awards and unexercised in-the-money Options) on December 31, 2025.

The table also compares the actual value for each \$100 of compensation awarded to the value earned by shareholders, represented by the cumulative value of a \$100 investment in the Voting Shares made on the first trading day of the period indicated, assuming reinvestment of dividends.

The following table reflects compensation awarded to Dr. Virmani from 2021 to 2024 and the sum of compensation awarded to Jamie Porteous and Pauline Dhillon in 2024 and 2025. With the total shareholder performance over the last five years, the CNC is satisfied with the appropriate linkages between realizable CEO compensation and shareholder return, as intended with our executive compensation program. Indeed, the realized and realizable CEO pay was below awarded value since shareholder return was negative.

Year	Incumbents	Total Direct Compensation Awarded (\$) ⁽¹⁾	Actual Value (Realized and Realizable) on December 31, 2025 (\$) ⁽²⁾	Period	Value of \$100

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

Compensation and Nominating Committee Letter to Shareholders

Dear fellow Shareholders,

On behalf of the Board of Directors, the CNC oversees the Company's approach to executive compensation, including the Company's overall compensation philosophy and decisions regarding NEO compensation. The CNC is also committed to maintaining a healthy, constructive and ongoing dialogue with you regarding the Company's compensation practices and processes, and to continuously improving the Company's compensation framework in step with its growth and evolving best practices.

Compensation and Governance Highlights

In 2025 compensation-related changes were limited and long-term incentive grants were awarded at target as per normal course.

For 2025, the Co-CEOs base salary remained \$750,000 and they continued to participate in the Company's STIP with a target award of 150% of base salary as well as in the LTIP with an annual target award of 150% of base salary. They also remained eligible for \$192,000 worth of perquisites and an annual pension allowance or SERP of \$200,000.

As disclosed last year, in connection with the leadership transition, Dr. Ajay Virmani's compensation was reduced during his second year as Executive Chairman and the CNC plans to further reduce his compensation package in 2026. See "*2025 Executive Chairman and Co-Chief Executive Officers Compensation*".

The CNC remains very satisfied with the leadership transition initiated in 2024 which has culminated with the appointment of Pauline Dhillon as the Company's sole CEO as of January 1, 2026.

2025 Cargojet Performance and Co-CEO Compensation

Cargojet produced strong results in 2025 due to its diversified business model having proved resilient during economic uncertainty, and focused operational efficiency and strategic flexibility helped to harness new growth opportunities and protect margins.

The Co-CEOs received a STIP award corresponding to 225% of target, as well as an LTIP grant at target allocated 66.66% in PSUs and 33.33% in Options. The PSUs have no minimum vesting and will vest based on absolute ROIC goals and on the Company's TSR relative to the S&P/TSX Composite Index over the 2025-2027 performance cycle.

The Board and the CNC have been linking CEO compensation to company performance and Shareholder return adequately. Our lookback analysis shows that, since 2021, annual investments of \$100 by shareholders decreased in value to \$64 on average, while each \$100 of total direct compensation awarded to the CEO or Co-CEOs led to an average of \$85 of realized and realizable pay as of the end of 2025. See "*2021 - 2025 CEO and Co-CEOs Compensation Lookback*".

Engagement with Shareholders

We are committed to engaging effectively and continuously with shareholders. We value the feedback we receive through these interactions, as evidenced by recent changes to our compensation program and compensation governance and risk management practices, and we will certainly continue to welcome your comments, suggestions and questions at investorrelations@cargojet.com.

On behalf of the CNC and the Board of Directors, I encourage you to take some time to read the Executive Compensation Discussion and Analysis.

Sincerely,

“Arlene Dickinson”
Arlene Dickinson, Chair
Compensation and Nominating Committee

Introduction

This Executive Compensation Discussion and Analysis (“**CD&A**”) discloses certain financial and other information relating to the compensation of the Company’s CEO, Chief Financial Officer (“**CFO**”) and the Company’s three most highly compensated executive officers other than the CEO and CFO, including: (a) the Company’s Founder and Executive Chairman, and (b) each individual who would qualify for any of the foregoing categories but for the fact that such individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, as at December 31, 2025 (collectively, the “**Named Executive Officers**” or “**NEOs**”).

Executive Compensation Philosophy

The Company’s executive compensation practices are designed to attract, motivate and retain a leadership team that will create long-term and sustainable value for Shareholders. Accordingly, the Company’s executive compensation program is based on the following principles:

- compensation levels should be fair and competitive with the market;
- compensation should help to retain and motivate executives who are critical to the Company’s long-term success;
- compensation should reward overall business performance and should encourage an environment of teamwork and collaboration;
- compensation should align the interests of the Company’s executives with those of Shareholders; and
- compensation should not encourage the Company’s executives to expose the Company to inappropriate or excessive risk.

In order to achieve these objectives, the compensation paid to executive officers consists primarily of the following three components: (a) base salary; (b) short-term incentive in the form of the short-term incentive plan (the “**STIP**”) participation; and (c) long-term incentive in the form of the long-term incentive plan (“**LTIP**”) participation.

Compensation and Nominating Committee's Mandate

The responsibilities of the CNC include assisting the Board in fulfilling its oversight responsibilities with respect to, among other things:

- ensuring that compensation programs are competitive so that the Company can attract, motivate and retain high caliber individuals and make recommendations to the Board as to such matters;
- reviewing the performance and compensation of the Chief Executive Officer and other executive officers;
- reviewing performance objectives for STIP and LTIP purposes and review long-term incentive grants;
- determining individual participation in, and the level of participation thereof, in the LTIP, along with the LTIP award conditions in accordance with its terms;
- assisting the Board concerning the appointment, hiring, compensation, benefits and termination of executive officers and all other significant employees of the Company;
- reviewing all aspects of compensation paid to the members of the Board; and
- reviewing the Company's approach to matters of nominations to the Board.

The CNC is committed to ensuring that the Board is constituted of highly qualified individuals with a broad spectrum of competencies and an appropriate mix of experience, expertise and perspectives. This commitment is key to enabling the Board to carry out its functions and responsibilities. As set out in the Cargojet Board Diversity Policy, when identifying and considering qualified candidates for the competencies of the Board, the CNC considers diversity criteria reflecting the communities Cargojet serves and in which it operates, including diversity in skills, regional and industry experience, gender, age, race, cultural background and other attributes.

The CNC met four times in 2025 and worked closely with the independent executive compensation advisor to ensure that the Company's compensation programs are aligned with Shareholders' interest and fully support the Company's business strategy.

Composition of the Compensation and Nominating Committee

The CNC is composed of Arlene Dickinson (Chair), Mary Traversy and Amos Kazzaz, each of whom are considered "independent" in accordance with NI 58-101 and each of whom has relevant direct experience in matters of executive compensation.

The Board recognizes that the current members of the CNC have the experience and knowledge to review and make recommendations to the Board regarding executive compensation and human resources matters. Specifically, the biographies of the current members of the CNC as set out under "*Director Nominees*" highlight their skills and experiences relevant to the CNC's responsibility with respect to executive compensation.

Risk Oversight

The Board knows that compensation practices can have unintended risk consequences. The CNC is responsible for risk oversight of the Company's compensation policies and practices and in that regard, works to identify and stop any compensation practice that might encourage an employee to expose the Company to inappropriate or excessive risk and have a material adverse effect on the Company. The CNC considers the balance between long-term objectives and short-term financial goals incorporated into the Company's executive compensation program. The Board rewards individuals for the success of the Company once that success has been demonstrated. In addition, a significant portion of each executive's total compensation is equity-based with extended vesting periods in order to motivate executives to focus

on long-term results. The Company has adopted the following practices to mitigate compensation-related risks:

- a cap on all STIP payouts and PSU vesting;
- a Clawback Policy that enables the Board, at its discretion, to cancel some or all vested or unvested incentive awards to executives and to recoup incentive awards that have been already paid or vested taking into account any considerations it deems appropriate, including, the applicable governing law including the likelihood of success and the cost of pursuing recovery, any prejudice to the interests of the Company, including in any related proceeding or investigation and the participation of the executive officer in the circumstances relating to serious misconduct, a breach to the Company’s Code, non-compliance with applicable laws and regulations and accounting fraud or actions that results in the need for the correction or restatement of financial results;
- an anti-hedging provision in the Company’s Insider Trading Policy prohibits the Company’s employees from directly or indirectly buying or selling a call, a put or any other financial instruments on Company’s securities designed to hedge, monetize or offset a decrease in the market value of Company’s securities;
- the Share Ownership Guidelines; and
- a “double-trigger” change of control provision in respect of the acceleration of vesting of awards in the Company’s Omnibus Long-Term Incentive Plan (the “**Omnibus Incentive Plan**”) and Performance Share Unit Plan (the “**PSU Plan**”), which requires two events to accelerate the vesting of awards. The “double-trigger” provision requires that a change of control occurs and that the participant’s employment be terminated without cause within 24 months of the change of control.

Role of Management in Compensation Decisions

The Chief Executive Officer develops and presents to the CNC all of management’s recommendations and supporting material pertaining to the compensation of the NEOs (other than themselves) and other senior executives. In addition, the Chief Executive Officer works with the Chair of the CNC to plan the annual agenda and to prepare materials for each meeting of the CNC. The Executive Chairman and Chief Executive Officer are invited to attend all regular meetings of the CNC. An *in camera* session, during which management is not in attendance, is held during each CNC meeting.

Role of Independent Advisors in Compensation Decisions

The CNC has the authority to select, engage and compensate external executive compensation consultants to carry out its duties. In 2024 and 2025, Hexarem Inc. (“**Hexarem**”), was engaged as an external independent advisor to provide ongoing advisory services to the CNC, as well as analyses of market trends and practices. Hexarem was acquired by Mercer, an international consulting firm, in November 2025. The following table presents the fees paid to Hexarem:

Fiscal Year	Advisor	Executive Compensation-related Fees (\$)	All Other Fees (\$)
2025	Hexarem/Mercer	110,224	--
2024	Hexarem	40,678	--

Liability Insurance

The Company provides insurance for the benefit of the directors and officers of the Company against liability incurred by them in acting within their capacities. The current annual policy limit is \$40.0 million, including Difference in Conditions (DIC) excess liability coverage of \$10.0 million, a policy deductible of \$50,000 and a deductible of \$100,000 for securities claims only. For the policy year of November 1, 2025, to November

1, 2026, the Company paid an annual premium of \$115,750 for this insurance. Under the policy, each entity has reimbursement coverage to the extent that it has indemnified the directors and officers of such entity.

Named Executive Officers' Compensation

The total direct compensation awarded to NEOs consists primarily of the following three components described in this section:

- base salary;
- short-term incentives; and
- long-term incentives.

2025 Direct Pay Mix at Target

The direct compensation mix varies based on the level of the executive to reflect the impact of more senior roles on overall Company performance. The base salary portion of executive compensation is fixed, while the annual short-term and long-term incentive portions are performance-based and are variable. The target mix of the direct compensation components for the NEOs for Fiscal 2025 is shown in the following table:

Name	Total Direct Compensation Mix at Target ⁽¹⁾			Variable Compensation ⁽¹⁾
	Base Salary	Short-term Incentives	Long-term Incentives	
Dr. Ajay Virmani	22%	33%	44%	78%
Pauline Dhillon	25%	38%	38%	75%
Jamie Porteous	25%	38%	38%	75%

Scott Calver	45%	27%	27%	55%

Note:

- (1) Percentages have been rounded to the nearest whole number.

Executive Ownership Guidelines

The Board believes it is important that the members of the executive team demonstrate their commitment to the Company's long-term performance through share ownership. The Company has implemented Share Ownership Guidelines for the Executive Chairman, Chief Executive Officer and other members of senior management, being those executives holding the titles of Senior Vice President and above. The Executive Chairman and the Chief Executive Officer are required to maintain a minimum investment in Voting Shares equal to three times the annual base salary. The members of management holding the title of Senior Vice President and above are required to maintain a minimum investment in Voting Shares equal to one times their annual base salary. In both cases, such investment may be satisfied in the form of Voting Shares, PSUs, RSUs and "in-the-money" vested Options. Each member of the executive team must satisfy these guidelines within five years of their appointment to an eligible position. As at the date hereof, other than Mr. Johnston and Mr. Cantwell, all NEOs who held an eligible position at the Company for at least five years have met the required level of share ownership. While Mr. Maini was a NEO in 2025 as a result of his role as Interim Chief Financial Officer, he is no longer subject to the Share Ownership Guidelines as a result of the appointment of Mr. McKay.

Notes:

- (1) The Company's Voting Shares, trading under the symbol "CJT" on the TSX, closed at \$94.86 per share on February 13, 2026. The market value of the Company's Voting Shares, RSUs and PSUs units was calculated as the closing price of the Company's Voting Shares, on February 13, 2026 multiplied by the number of Voting Shares, RSUs or PSUs. PSUs are shown at target. The in-the-money value of vested Options is included in the Total Value of Units.
- (2) Mr. McKay has until August 1, 2030 to fulfill the required level of ownership applicable to him in the role of CFO.

Competitive Benchmarking

In order to attract and retain effective and innovative leadership, the Company seeks to ensure that its executive compensation programs remain competitive with its market. Hexarem benchmarked Dr. Virmani's total compensation in his capacity as President and Chief Executive Officer prior to January 1, 2024 against relevant market practices reflecting current job scope, company challenges and individual track record at the request of the CNC.

The Company has adopted the following peer group, which was last refreshed in 2022, to establish Dr. Virmani's compensation in his capacity as President and Chief Executive Officer prior to January 1, 2024:

Cost of Compensation

During 2025, the Company's NEOs earned an aggregate amount of total compensation equal to \$16,704,452. This cost of compensation represents 1.7% of the Company's annual revenues, 5.1% of the Company's 2025 Adjusted EBITDA⁽¹⁾ and 20.8% of the Company's Net Income.

Notes:

(1) See "Non-GAAP Financial Measures" in the Company's most recent MD&A available on SEDAR+ at www.sedarplus.ca for a discussion of the composition of non-GAAP financial measures, use and purpose and a quantitative reconciliation to the most directly comparable financial measure presented in the Company's primary financial statements.

Base Salary

Individual executive salaries are typically set with a view towards offering market-competitive fixed compensation in order to attract and retain leaders with the appropriate skill sets. The CNC, following discussions with the Chief Executive Officer(s), makes an annual recommendation to the Board for each NEO's annual salary, taking the following into consideration:

- the NEO's current positioning versus the salaries for similar roles at market comparators;
- the NEO's experience, knowledge, and performance; and
- the NEO's total compensation (i.e. including incentive compensation at target).

Name	2025 Base Salary (\$)	2024 Base Salary (\$)
Dr. Ajay Virmani	937,500	1,250,000

Short- and Long-Term Incentive Plans

Pay for performance is an important underlying principle of the Company's executive compensation philosophy, with the result that variable compensation represents a substantial proportion of total compensation. See "2025 Direct Pay Mix at Target" above.

The STIP is based on the Company meeting specific Adjusted EBITDA targets and the NEOs achieving specific personal performance objectives. Each year, the CNC recommends for approval by the Board the STIP design, including business performance measures, weightings, and threshold, target and maximum goals. At the end of the fiscal year, management determines the results of the STIP performance measures, and these are compared to the pre-established financial and non-financial goals. No STIP awards are normally paid for a performance measure if the result falls below the established threshold.

PSUs and Options are normally awarded according to individual LTIP targets each year. In addition, two-thirds of the NEOs' long-term incentives are awarded in the form of PSUs which vest based on three-year post-grant performance whereas the other third is awarded in the form of Options which vest ratably over three years and have a five-year term. The minimum PSU vesting is at 0% if three-year performance is below threshold.

2025 Performance and Compensation Decisions

At the beginning of 2025, management and the CNC agreed to the STIP Adjusted EBITDA threshold, target and maximum goals. The maximum STIP goal was set at \$318.20 million before management bonuses for the year ending December 31, 2025. For Fiscal 2025, the Maximum STIP goal was achieved and all NEOs

received a multiple of their target award (in accordance with the STIP plan), resulting in the following actual STIP payouts

2025 Adjusted EBITDA ⁽¹⁾ Before Management Bonuses	
Maximum Goal	Actual
\$318.20 Million	\$326.40 Million

2025 LTIP Grants

The purpose of the LTIP is to provide eligible participants with compensation opportunities that will enhance the Company's ability to attract, retain and motivate key personnel and reward officers and key employees for achieving long-term corporate financial targets. Pursuant to the LTIP, awards are comprised of grants from the Company's PSU Plan and Omnibus Incentive Plan.

The 2025 PSU and Option grants were awarded according to individual LTIP targets as follows:

Name	2025 Target LTIP Award (%)	Number of PSUs Granted	PSU Grant Value ⁽¹⁾	Number of Options Granted	Option Grant Value ⁽¹⁾
Dr. Ajay Virmani	150%	14,051	\$1,250,000	21,626	\$625,000
Pauline Dhillon	150%	8,431	\$750,000	12,976	\$375,000

Sanjeev Maini	40%	674	\$60,000	1,038	\$30,000
Scott Calver ⁽³⁾	60%	0	\$0	0	\$0

Note:

- (1) Key valuations assumptions are presented in the notes to the "Equity-based Awards" table.
- (2) Mr. McKay was appointed CFO as of August 1, 2025 and has received a \$300,000 RSU grant as an inducement award.
- (3) Mr. Calver ceased to be CFO of the Company as of March 19, 2025 and did not receive an LTIP grant in 2025.

PSU vesting over the 2026-2028 cycle will be calculated according to the following goals:

Indicators	Weight	Threshold Goal ⁽¹⁾ (performance multiplier of 0.0x)	Target Goal ⁽¹⁾ (performance multiplier of 1.0x)	Maximum Goal ⁽¹⁾ (performance multiplier up to 2.5x)
Annual Absolute ROIC	50%	2026: 3.6% 2027: To be determined at beginning of performance year. 2028: To be determined at beginning of performance year.	2026: 4.8% 2027: To be determined at beginning of performance year 2028: To be determined at beginning of performance year.	2026: 6.0% 2027: To be determined at beginning of performance year. 2028: To be determined at beginning of performance year.
Relative TSR	50%	Cargojet's 3-year cumulative TSR is 25% below the S&P/TSX Composite Index or less	Cargojet's 3-year cumulative TSR is equal to the S&P/TSX Composite Index	Cargojet's 3-year cumulative TSR is 25% above the S&P/TSX Composite Index or more

Note:

- (1) Threshold, target, and maximum goals for Annual Absolute ROIC for 2027 and 2028 will be determined in the course of the Company's annual budget planning and approval process for those years, as approved by the Board of Directors.

Performance multiplier between threshold and target or between target and maximum will be interpolated according to results recorded over the three-year cycle.

The rationale to select absolute ROIC as long-term performance indicator in the PSU Plan is as follows:

- support profitable growth;
- encourage disciplined capital investments; and
- market prevalent indicator in capital intensive companies, including at direct peers.

The rationale to select relative total shareholder return (“TSR”) as long-term performance indicator in the PSU Plan is as follows:

- align executive compensation with shareholder return;
- filter-out the impact on Cargojet’s performance of Canada-wide economic conditions by using the S&P/TSX Composite Index as benchmark; and
- market prevalent indicator encouraged by institutional shareholders.

The Board believes that the S&P/TSX Composite Index is the most appropriate performance peer group for relative performance assessment purposes in the PSU Plan. As a result, it is used instead of our benchmarking peer group for relative performance evaluation purposes.

Over the 2023-2025 cycle, PSUs paid out at an average multiplier of 0.82 for NEOs.

The following tables outline the burn rate for the past three years as of December 31, 2025, calculated using the TSX prescribed methodology. The burn rate is calculated by dividing the number of RSUs or Options, as applicable, during the relevant fiscal year by the weighted average number of securities of the Company outstanding for the applicable fiscal year. Since the Company’s PSU Plan and DSU program for Directors are non-dilutive, the burn rate for outstanding PSUs and DSUs was as set out below for each of the last three completed fiscal years indicated in the table below:

Year	Weighted Average Number of Securities Outstanding	RSUs		Options	
		Number Granted	Annual Burn Rate	Number Granted	Annual Burn Rate
2025	15,286,096	3,318	0.02%	67,475	0.44%
2024	16,239,553	39,744	0.24%	43,639	0.27%
2023	17,192,162	-	-	38,144	0.22%

Mr. Porteous and Ms. Dhillon had the same target direct compensation in 2025 which included an annual base salary of \$750,000, a STIP target award of 150% of base salary and an LTIP target award of 150% of base salary. Indirect annual compensation included \$192,000 worth of perquisites and a pension allowance of \$200,000.

Notes:

- (1) Awards granted under the Omnibus Incentive Plan as of December 31, 2025, were in the form of Options (172,071) and RSUs (10,950).
- (2) The maximum number of Voting Shares reserved for issuance upon the exercise or settlement for all Awards granted under the Omnibus Incentive Plan (together with any other security-based compensation arrangements) is 545,897, of which 297,387 remain available as of December 31, 2025.

The following is a summary of the Omnibus Incentive Plan.

Omnibus Long-Term Incentive Plan

The Omnibus Incentive Plan was approved by shareholders at the 2020 Shareholder Meeting. The Omnibus Incentive Plan allows for a variety of equity-based awards that provide different types of incentives, particularly Options and RSUs, to be granted to certain of our executive officers, employees and consultants. Non-executive directors will not be eligible participants. Options and RSUs are collectively referred to herein as "Awards". The following discussion is qualified in its entirety by the text of the Omnibus Incentive Plan.

Under the terms of the Omnibus Incentive Plan, the Board, or if authorized by our Board, the CNC may grant Awards to eligible participants, as applicable. Participation in the Omnibus Incentive Plan is voluntary and, if an eligible participant agrees to participate, the grant of Awards will be evidenced by a grant agreement with each such participant. The interest of any participant in any Award is not assignable or transferable, other than by will or the laws of descent and distribution.

The Omnibus Incentive Plan provides that appropriate adjustments, if any, will be made by our Board in connection with a reclassification, reorganization or other change of our Voting Shares, share split or consolidation, distribution, merger or amalgamation, in the Voting Shares issuable or amounts payable to preclude a dilution or enlargement of the benefits under the Omnibus Incentive Plan.

The number of Voting Shares reserved for issuance upon the exercise or settlement for all Awards granted under the Omnibus Incentive Plan, together with any other share compensation arrangements, is 545,897, of which 297,387 remain available as of December 31, 2025. In addition, there is a second limit under the Omnibus Incentive Plan of 155,970 RSUs, being equal to 1.0% of the outstanding Voting Shares as of March 30, 2020, of which 87,616 RSUs remain available as of December 31, 2025. Any Awards exercised or settled for Voting Shares under the Omnibus Incentive Plan will not be available for future grants. As at December 31, 2025, a total of 172,071 Awards in the form of Options and a total of 10,950 RSUs were issued and outstanding under the Omnibus Incentive Plan, which represents approximately 1.2% of the outstanding Voting Shares as of December 31, 2025. Accordingly, as at December 31, 2025, 297,387 Voting Shares remained available for future issuance under the Omnibus Incentive Plan, representing approximately 2% of the issued and outstanding Voting Shares as of December 31, 2025.

For the purposes of calculating the maximum number of Voting Shares reserved for issuance under the Omnibus Incentive Plan, any issuance from treasury by the Company that is issued in reliance upon an exemption under applicable stock exchange rules applicable to equity-based compensation arrangements used as an inducement to person(s) or company(ies) not previously employed by and not previously an insider of the Company shall not be included.

The maximum number of Voting Shares that may be: (i) issued to insiders of the Company within any one-year period; or (ii) issuable to insiders of the Company at any time, in each case, under the Omnibus Incentive Plan alone, or when combined with all of the Company's other security-based compensation arrangements, cannot exceed 10% of the aggregate number of Voting Shares issued and outstanding from time to time.

An option shall be exercisable during a period established by our Board which shall commence on the date of the grant and shall terminate no later than five years (subject to Board discretion to a maximum of 10 years) after the date of the granting of the option or such shorter period as the Board may determine. The minimum exercise price of an option will be determined based on the average closing price of the Voting Shares on the TSX on the five trading days prior to the date such option is granted. The Omnibus Incentive Plan provides that the exercise period shall automatically be extended if the date on which it is scheduled to terminate shall fall during a black-out period. In such cases, the extended exercise period shall terminate 10 business days after the last day of the black-out period. To facilitate the payment of the exercise price of the Options, the Omnibus Incentive Plan has a cashless exercise feature pursuant to which a participant may elect to undertake either a broker assisted "cashless exercise" or a "net exercise" (in cash or Voting Shares) subject to the procedures set out in the Omnibus Incentive Plan, including the consent of the Board, where required.

The following table describes the impact of certain events upon the rights of holders of Awards under the Omnibus Incentive Plan, including termination for cause, resignation, retirement, termination other than for cause, and death or long-term disability, subject to the terms of a participant's employment agreement, grant agreement and the change of control provisions described below:

Event Provisions	Options	RSUs
Termination for cause	Immediate forfeiture of all unexercised vested and unvested Options.	Immediate forfeiture of all unvested RSUs.
Resignation, retirement and termination other than for cause	Forfeiture of all unvested Options and the earlier of the original expiry date and 90 days after resignation to exercise vested Options or such longer period as our Board may determine in its sole discretion.	Forfeiture of all unvested RSUs and the Company shall issue Voting Shares in satisfaction of any vested RSUs.
Death or long-term disability	Forfeiture of all unvested Options and the earlier of the original expiry date and 12 months after date of death or long-term disability to exercise vested Options or such longer period as our Board may determine in its sole discretion.	RSUs shall continue to vest for a maximum period of 12 months or until the vesting date set out in the participant's grant agreement (whichever is shorter) and settle within 30 days of such period.

In connection with a change of control of the Company, the Board will take such steps as are reasonably necessary or desirable to cause the conversion or exchange or replacement of outstanding Awards into, or for, rights or other securities of substantially equivalent (or greater) value in the continuing entity, provided that the Board may accelerate the vesting of Awards if: (i) the required steps to cause the conversion or exchange or replacement of Awards are impossible or impracticable to take or are not being taken by the parties required to take such steps (other than the Company); or (ii) the Company has entered into an agreement which, if completed, would result in a change of control and the counterparty or counterparties

to such agreement require that all outstanding Awards be exercised immediately before the effective time of such transaction or terminated on or after the effective time of such transaction. If a participant is terminated without cause during the 24 month period following a change of control, any Awards then outstanding shall automatically vest so that: (i) Options may be exercised in whole or in part by the participant for 90 days thereafter or prior to the expiry date in respect thereof, whichever is sooner, and; (ii) RSUs shall vest and the participant shall be entitled to receive and the Company shall issue Voting Shares in satisfaction of such RSUs.

The Board may, in its sole discretion, suspend or terminate the Omnibus Incentive Plan at any time, or from time to time, amend, revise or discontinue the terms and conditions of the Omnibus Incentive Plan or of any securities granted under the Omnibus Incentive Plan and any grant agreement relating thereto, subject to any required regulatory and TSX approval, provided that such suspension, termination, amendment, or revision will not adversely alter or impair any Award previously granted except as permitted by the terms of the Omnibus Incentive Plan or as required by applicable laws.

The Board may amend the Omnibus Incentive Plan or any securities granted under the Omnibus Incentive Plan at any time without the consent of a participant provided that such amendment shall: (i) not adversely alter or impair any Award previously granted except as permitted by the terms of the Omnibus Incentive Plan; (ii) be in compliance with applicable law and subject to any regulatory approvals including, where required, the approval of the TSX; and (iii) be subject to shareholder approval, where required by law, the requirements of the TSX or the Omnibus Incentive Plan, provided however that shareholder approval shall not be required for the following amendments and our Board may make any changes which may include but are not limited to:

- any amendment to the vesting provisions, if applicable, or assignability provisions of Awards;
- any amendment regarding the effect of termination of a participant's employment or engagement;
- any amendment which accelerates the date on which any Award may be exercised under the Omnibus Incentive Plan;
- any amendment necessary to comply with applicable law or the requirements of the TSX or any other regulatory body;
- any amendment of a "housekeeping" nature, including, without limitation, to clarify the meaning of an existing provision of the Omnibus Incentive Plan, correct or supplement any provision of the Omnibus Incentive Plan that is inconsistent with any other provision of the Omnibus Incentive Plan, correct any grammatical or typographical errors or amend the definitions in the Omnibus Incentive Plan;
- any amendment regarding the administration of the Omnibus Incentive Plan; and
- any other amendment that does not require the approval of shareholders pursuant to the amendment provisions of the Omnibus Incentive Plan, provided that the alteration, amendment or variance does not:
 - reduce the exercise price of Awards benefitting an insider of the Company;
 - extend expiration date of an Award benefitting an insider of the Company, except in the case of an extension due to black-out period;
 - remove or exceed the insider participation limits;
 - increase the maximum number of Voting Shares issuable under the Omnibus Incentive Plan, other than an adjustment pursuant to a change in capitalization; or

- amend the amendment provisions of the Omnibus Incentive Plan.

Performance Share Unit Plan

In 2019, the Company introduced cash-settled performance share units granted under the Performance Share Unit Plan to its LTIP. The Company believes that PSUs are aligned with its compensation philosophy, reward executives for demonstrated performance and ensure strong long-term alignment between executive and employee interests with those of Shareholders.

The following is a summary of certain attributes and characteristics of the PSU Plan. Capitalized terms not defined in this section have the meanings given to them in the PSU Plan.

The PSU Plan consists of cash-settled units vesting based on three-year performance objectives approved on the grant date, specifically vesting of the PSUs is tied to performance indicators related to ROIC and relative TSR. There is no guaranteed minimum vesting of PSUs. See “2025 LTIP Grants”.

The cash amount payable by the Company to a participant in respect of the applicable number of vested PSUs will be determined by multiplying the number of such PSUs by the Fair Market Value on the date a determination is required, namely the earliest of (i) the last date of any Applicable Period, (ii) the Termination Date, (iii) the vesting date set out in any Grant Agreement, or (iv) the Latest Settlement Date.

The PSU Plan includes various provisions in respect of vesting and settlement of PSUs in the event of a participant’s termination of service with the Company. Subject to the terms of a participant’s employment agreement, grant agreement and the change of control provisions described below:

- in the event of a participant’s death or disability, unvested PSUs will continue to vest for a maximum period of 12 months or until the vesting date set out in the grant agreement (whichever is shorter and being the “**Applicable Period**”) and settle within 30 days of such period on a pro-rata basis based on the number of months of active service or employment between the award date and the last date of the Applicable Period, and assuming target performance objectives have been achieved;
- in the event of a participant’s termination with Cause or resignation without Good Reason, the date on which any unvested PSUs held by such participant expire is the participant’s Termination Date, subject to the Board determining otherwise;
- in the event of a participant’s retirement, any unvested PSUs will vest and settle within 30 days of the Termination Date on a pro-rata basis based on the number of months of active service or employment between the award date and the Termination Date, and assuming target performance objectives have been achieved; and
- upon a participant’s Good Leaver Termination, any unvested PSUs will vest and settle at the end of the applicable performance period (following the determination of the Board) on a pro-rata basis based on the number of completed months of active service or employment between the Award date and the Termination Date, at the performance level actually achieved by the Company, as determined by the Board.

Subject to any provisions with respect to vesting of PSUs in a participant’s employment agreement with the Company, in the event of a Change of Control of the Company (as such term is defined in the PSU Plan), all PSUs then outstanding shall automatically vest based on a pro-rata assessment of performance up to the time of the Change of Control upon an involuntary termination of employment or resignation for good reason within 24 months of the Change of Control.

All-Employee Pension Plan

The Company offers a Deferred Profit Sharing Plan (“DPSP”) to all permanent full-time and part-time employees, except the Executive Chairman. The Company matches employee contributions made in the year to the employee’s group RRSP. For employees with less than five years of continuous service the rate is 3%, for employees with more than five years of continuous service the rate is 4% and for employees with more than 10 years of continuous service the rate is 5%. DPSP contributions become vested upon the completion of two years of plan membership.

Supplemental Co-CEOs Pension Arrangements

In addition to their participation in the DPSP, in 2025 the Company provided each Co-CEOs with \$200,000 worth of pension value, or cash in lieu of pension. Jamie Porteous elected to receive the value in cash, whereas the Company set up the Cargojet Airways Ltd. Supplemental Defined Contribution Pension Plan for Designated Employee Pauline Dhillon (“DC SERP”), effective January 1, 2024.

The following table shows the benefits earned by Ms. Dhillon while participating in the DC SERP:

Incumbent	Accumulated Value at Start of Year	Compensatory Change	Non-compensatory Change	Accumulated Value at Year End
Pauline Dhillon	\$292,433	\$200,000	\$49,293	\$541,726

The DC SERP is unfunded. DC SERP contributions are invested notionally by a service provider in selected investment funds.

Notes:

- (1) Regular share-based awards were granted in the form of PSUs for 2025, 2024 and 2023. See "2025 LTIP Grants – Performance Share Unit Plan". The value of each RSU and PSU was determined based on the volume weighted average price of the Voting Shares on the TSX for the 5 trading days preceding the grant date. RSUs normally vest annually at the rate of one third. PSUs vest at the conclusion of a three-year performance period. Mr. McKay received an LTIP inducement award related to his hiring.
- (2) The value of each Option awarded in 2025 was determined by the using the Black-Scholes valuation method which is the industry standard method to value options. The following assumptions were used:
 - i. Risk free rate: 2.75%
 - ii. Dividend yield: 1.62%
 - iii. Expected volatility: 38.51%
